

KCFA Intermediate Level Session 4 – “Dogs About Town” Class

Special Offering Summer 2018 - mid-June to mid-August

This class is open to Intermediate/Advanced handler-dog teams who either wish to continue with higher level training or who are training for competition in either traditional obedience or rally. Exercises will focus on refining competition skills, both on and off leash, as well as team obedience. Emphasis will be placed on precision in handler body language and footwork, and on the dog's focus, attention, and reliable responses to commands. Opportunities will be provided to practice specific competition exercises which may vary depending on the makeup of the class.

The locations, dates, and times will vary in order to provide the teams with varied environments, other than the KCFA training facilities, in which to work on their obedience skills. Handlers should dress appropriately for weather and outdoor conditions. Instructor approval required.

All classes will be held at 9:00 a.m. on Saturdays, with the exceptions of June 16 and July 2. Schedule subject to change. See details below:
